- One year Paramedic experience
- Current valid AHA CPR Instructor Certification
- Current valid EMS and Fire Instructor Certification(s)
- Hazardous Materials Technician/Specialist Certification
- Any specialized Rescue Certification(s) as listed in NFPA 1006

Physical Requirements:

The physical requirements described here are representative of those that must be met by an employee to successfully perform the essential functions of the job.

The duties of this position require sufficient mobility, flexibility and body strength to participate in strenuous firefighting and emergency ground activities for prolonged periods of time. These activities include wearing standard firefighting personal protective clothing including self-contained breathing apparatus. Other activities include but are not limited to raising and climbing ground ladders, climbing aerial ladders, pulling 2 ½" hose filled with water under pressure and applying water from nozzle under pressure. Lifting heavy equipment such as smoke ejectors and generators are typical tasks performed in this job classification, occasional lifting of up to 100 pounds is also required. Working outdoors in extremely warm and extremely cold weather may be required in some emergency and training situations. Must have the ability to stay physically capable in mentally and emotionally stressful environments and/or incidents. The holder of this position must be able to hear and understand the spoken word in an office, classroom and emergency environment. The holder of this position must be able to speak and communicate in person, over the telephone and on a two-way radio. The holder of this position must have vision abilities to include close vision, distance vision, peripheral vision, depth perception, and ability to focus.

Working Conditions:

The incumbent will frequently be exposed to outside weather conditions including cold and extreme heat, wet and/or humid conditions, high precarious places, smoke, fumes, or airborne particles, toxic or caustic chemicals and risk of electrical shock. May be exposed to bodily fluids produced by other individuals. The noise level may be loud. The incumbent will have periodic contact with angry and upset individuals; frequent interruptions of planned work activities by telephone calls, office visitors, and response to unplanned events. The position requires occasional strenuous work and long hours and the ability to assist and/or manage an emergency scene at any time. Participation in wildland fires may require the employee to be on the scene for several days.

FLSA Status

Non-exempt

Special Conditions: Candidates will be required to submit to an extensive background investigation, physical and drug screen.

In compliance with applicable disability laws, reasonable accommodations may be provided for qualified individuals with a disability who require and request such accommodations. Incumbents and individuals who have been offered employment are encouraged to discuss potential accommodations with the employer.
